

Applicant's Attorney thanks the Examiner for the Examiner's help in prosecuting this invention. This amendment is directed solely to providing a reference to a related PCT patent application which was not heretofore referenced. In addition, Applicant's Attorney has attached an information disclosure statement and the copy of the referenced PCT patent application for the Examiner's review. Applicant's Attorney has been careful to avoid the introduction of new matter. Applicant's Attorney respectfully requests the Examiner to reconsider the claims, in light of this in previous information disclosure statements, with a view towards allowance. Applicant's Attorney further invites the Examiner to contact Applicant's Attorney for a telephonic interview at the below listed number if the Examiner believes that prosecution of the application can be furthered by so doing.

Respectfully Submitted,
